Big News!

DKB Household USA has added Swissmar to their product portfolio to bring you the biggest brands in housewares under one roof!

With an assortment of brands that includes Zyliss, Cole & Mason, AdHoc, Ken Hom and now Swissmar, we make it easy to stock your shelves by ordering from one source. Our comprehensive assortment includes multiple product categories; kitchen tools and gadgets, cutlery, bakeware, salt & pepper mills, cookware, cheese knives and accessories, fondue, raclette, barware and MORE.

Look no further, we have the goods!

The Zyliss logo is displayed in a white, italicized font within a black rounded rectangular background.

2024 product collection

Packed full of new ideas and innovations, you'll find our best selling food preparation tools as well as fantastic new kitchen essentials.

At Zyliss we love the aromas, colors, sounds, tastes and textures of the kitchen. The chop chop chop. The sizzle and pop. We love the slicing and grating, the stirring and blending. The orange flash, the lick of blue flame. The hiss when the garlic hits the pan.

It's a feast for the senses and the kitchen is where the action is. We know the magic of food begins long before the meal reaches the table.

So that's why we create brilliant kitchen tools and equipment, designed to help you perfect the art of preparation and cooking. We apply over 70 years of Swiss expertise to everything we make, so they're a delight to use. Our clever tools and gadgets help you to love the time you spend in the kitchen.

Zyliss products feel great and they look great too. They are a true pleasure to use. Whether you squelch the potatoes, wizzle the salad leaves or jiggle the dressing, preparing ingredients and cooking them comes with a language all of its own.

new products

NEW

cleverly sustainable utensils

Dishwasher safe

Heat resistant (heads)

Scratch safe (except for metal wired whisks)

The new wheat straw utensils collection has been created as a system, where each individual tool performs with intelligence and ergonomics, and all pieces form a unified design. All of our utensils come with a 5 year Zyliss guarantee and are dishwasher safe. The design of the utensils follows our holistic approach on sustainability. The handles are made of 50% wheat straw material. This renewable raw material reduces the need for virgin plastics. The heads are made of heat-resistant nylon – because nothing protects our environment more than durability. Some utensils feature edges made of silicone, so no valuable food is left in the pot.

5 Piece Set

Set Includes

- Storage container
- Ladle L
- Slotted turner
- Spatula L
- Spoon L

ITEM: E980243
UPC: 5011268 819445

COLE & MASON

ENGLAND

2024 COLLECTION

EXPERTS IN SEASONING SINCE 1919

THE BRAND

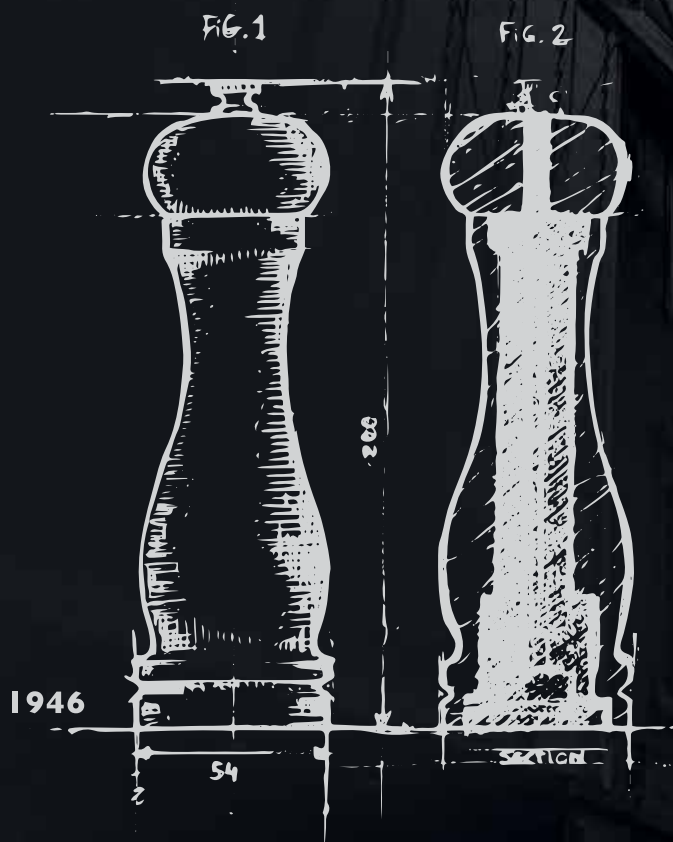

The origins of our brand date back to 1919 when Cole & Mason was founded as a giftware company in the historic heart of the City of London. The company soon expanded into general home goods and in 1946 we launched our first wooden mill for seasoning.

A passion for flavour was ignited: inspiring us to develop made-to-last products to bring out the best in everyday food using the latest technologies and materials. This quest for quality and innovation are at the heart of the Cole & Mason story to this day.

Our aim is to provide you with both the tools and knowledge to bring out maximum flavour and taste when cooking and entertaining. We want to help make every single cooking experience a memorable one so that the feeling of each meal will resonate with you long after enjoying it.

Our products have been thoughtfully designed to be functional as well as beautiful, with carefully selected quality materials that don't just look good - but have integrity too. They are there to enhance your table and kitchen décor, as you get creative with flavours.

Whether you're a first-time cook or an experienced chef, whether you have a traditional or contemporary taste in design, you'll find in Cole & Mason an excellent partner to achieve great things in the kitchen.

ABOUT OUR MILL MECHANISMS

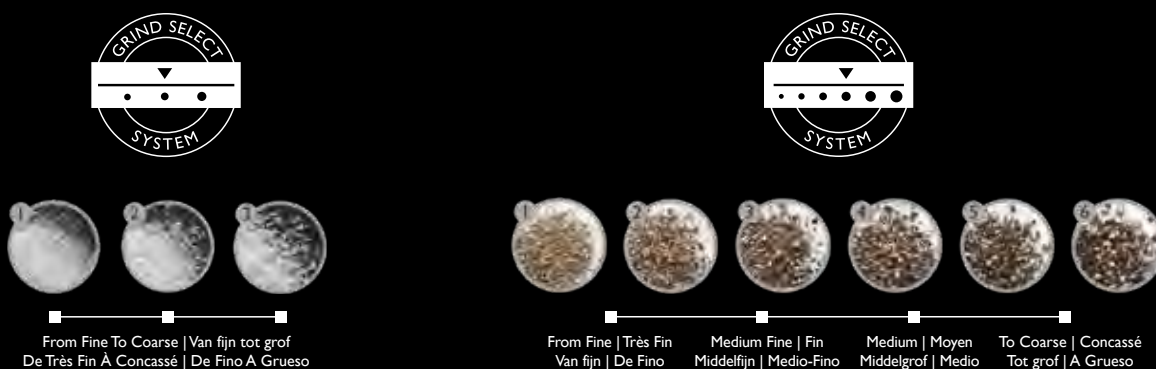

All of our pepper mills feature our design-registered carbon steel Precision+ mechanism. Representing a new level of performance, our Precision+ mechanism is able to deliver more pepper per turn and is scientifically proven to release more flavor than ever before.

All of our premium salt mills feature a unique sharp ceramic mechanism which prevents corrosion over time unlike other salt mills that feature a metal mechanism. Our salt mills are intended for use with dry salt crystals only.

The designs of our mill mechanisms were created in-house by Cole & Mason and are IP protected to ensure no imitations. Furthermore, they are confidently supported by our Lifetime Guarantee.

ABOUT OUR GRIND SELECT MILLS

Our premium range of grind select mills gives the cook complete control with 6 pre-set grind levels for pepper and 3 pre-set grind levels for salt, to provide precise adjustment of the grind from fine to coarse. Select a fine grind for a big punch in sauces or soups or effortlessly switch to a more coarse grind for a more subtle but longer lasting taste, great for salads or steaks.

- Kitchen Accessoriespage 90

A person wearing a dark denim shirt is shown from the chest down, holding a light-colored wooden pepper mill. They are grinding pepper, with a stream of dark granules falling onto a plate of food. The plate contains sliced meat, carrots, and green peas. Another identical wooden pepper mill stands upright on the table to the right. The background is dark, and the lighting highlights the texture of the wood and the denim.

Our collection of wooden mills adds a touch of tradition but with a timeless appeal.

Whether you prefer a lacquered, stained beech or natural finish, all our wooden mills are made to last and will enhance the interior of both traditional and modern homes.

A hand is shown holding a sleek, silver electronic pepper mill. The mill has a black grip and a clear window showing the internal grinding mechanism. A fine stream of black pepper is falling from the bottom of the mill into a blue ceramic bowl filled with green vegetables, likely Brussels sprouts. The background is dark, making the mill and the bowl stand out.

Our convenient electronic mills make quick and light work of seasoning due to their one-handed operation and provide complete control over where and how much seasoning goes on your food. They can furthermore be a great solution for anybody experiencing difficulty or discomfort using manual mills.

AdHoc[®]

DESIGN COLLECTION 2024

Products made for now

The AdHoc team have been developing, designing and producing products according to the motto "Made for now" since the company was founded in 1995. Inspired by the classic design principle "design follows function", premium design products with a good deal "more" are created for kitchen and dining culture: more solid function, more design, more quality – more value. AdHoc products are well thought-out down to the smallest detail, fascinate with their straightforward elegance and are simply a pleasure for users.

Engineered and Designed in Germany

AdHoc Design Team

Whether it's the launch of the world's first electric stainless steel mill with acrylic window or the development of the original AdHoc PreciseCut® – we are passionate inventors. Our developers and product designers combine the disciplines of technology and design with their knowledge and skills at the highest level. Because that's the only way to produce the exceptional AdHoc products that impress our customers. Innovation, function, design, quality, good taste – these are conditions for our success.

Various accolades, both nationally and internationally, emphasise our aspiration to bring sophisticated products to market – sophisticated when it comes to style, material and user-friendliness.

Cutting instead of grinding

▣ PreciseCut®

Small things make the difference! It is the right usage of miscellaneous herbs and spices that turns a dish into a flavourful treat. Apart from the selection of proper aromas it all comes down to their correct treatment.

AdHoc's patented original **▣ PreciseCut®** has a special stainless steel blade with sharply etched teeth. They are designed so that dried herbs and spices are cut rather than ground. Their flavours unfold in full when processed, creating a brand new sensation of taste!

Cuts dried herbs and spices, for example:

Stainless steel cutter with micro-blades for ultra-fine cutting

Releases essential oils for full aroma development

FOR ALL YOUR ENTERTAINING NEEDS...

With Swissmar, prepare to transform gatherings into unforgettable moments. With a diverse range of products catering to all entertaining needs, Swissmar takes hosting to the next level. From timeless cheese fondue sets to sleek cocktail shakers, Swissmar offers an array of high-quality products designed to elevate the entertaining experience.

FONDUE

Made for entertaining, this retro 70's throwback is the ultimate entertaining tool. Swissmar is the leader for this Swiss tradition, offering the widest assortment of Fondues on the market. Whether you choose Cheese, Oil/Broth or Chocolate Fondue, guests will rave about the experience.

This simple traditional meal allows guests to prepare their own feast and enjoy conversation and fun at the same time. While cheese fondue is the most widely known, meat and chocolate fondue are just as traditional, making a fun evening with friends and family unique and memorable. Our Swissmar Fondue collection allows for a diverse and exceptional culinary experience to enjoy and share with company.

METALLIC FONDUE

Swissmar offers metallic fondue sets in cast aluminum, stainless steel and copper plated stainless steel which are ideal for an oil/broth fondue. Suited for cooking at high temperatures, the oil/broth is often pre-heated directly in the fondue pot on the stovetop and then carefully transferred to the rechaud base. With an oil/broth fondue it is important to use the splatter guard to prevent hot oil splatters.

TIP:

The cooking oil should be heated in the metal fondue pot on top of the kitchen stove. The optimum temperature for frying the meat is 375°F, although it can be cooked properly down to 360°F. A deep-frying thermometer is an essential tool for telling when the oil has reached the frying temperature.

CAST IRON FONDUE

Swissmar Cast Iron Fondues offer the utmost in versatility. In addition to their décor savvy color pallet, they are ideal for oil/ broth, cheese AND chocolate fondue. Cast iron pots provide even heat distribution, making them ideal for cooking at both high and low temperatures – without hot spots.

And don't forget, your cast iron pot can also be used on other heat sources, like in the oven for example.

See page 121/124 for accessories.

CERAMIC FONDUE

Swissmar Ceramic Fondues are best suited for cheese fondue. Combine the smooth heat conductivity of the ceramic, with the Swiss caquelon shape, and you are sure to have an amazing cheese fondue experience. Control the flame and a traditional fondue of Emmenthal and Gruyere cheeses, or any cheese, is less likely to burn in a ceramic pot.

Fun Fact:

Amusing Fondue traditions are abundant. One such tradition, if a lady lost her bread in the cheese while swirling it, she had to kiss every gentleman present.

3-IN-1 FONDUE

These multi-purpose fondues have a ceramic insert that acts as a double boiler, so you can use one fondue for 3 different types of fondue - OIL/BROTH, CHEESE AND CHOCOLATE. Oil/Broth Fondue - Simply remove the white ceramic bowl, put the splatter guard in place and you're ready for a meat fondue! Cheese and Chocolate Fondue - For cheese and chocolate fondue add water in the fondue pot, put the white ceramic bowl in place and you are ready to go!

All cheese fondue sets include: pot, 6 forks, rechaud, fondue burner and recipe card. See page 121/124 for accessories.

All 3 in 1 fondue sets include stainless steel/copper pot, ceramic insert, 6 forks, rechaud, splatter ring, fondue burner and recipe cards. See page 121/124 for accessories.

CHOCOLATE FONDUE

Chocolate fondue was created by a Swiss Chef living in New York in the 1960s, and is the perfect way to stir up a dinner party. It is practically effortless to prepare and your guests can participate and enjoy a fun and delicious chocolate dessert at a relaxed pace.

TIP: Chocolate should be melted in the top of a double boiler, over gently simmering water, never over direct heat. You can also microwave it, uncovered, on medium, stirring frequently. If you are using cream, ensure that it is warm when adding it to the chocolate. If the chocolate clumps together, try stirring in unsalted butter or vegetable oil one teaspoon at a time, until the chocolate becomes smooth again.

DO YOU RACLETTE?

While most people are familiar with Fondue, there are many that have not yet been introduced to its' sister, Raclette. Raclette is a social, table-top cooking experience, smothered in gooey melted cheese! Top grilling surface for cooking meat and veggies, plus a broiling tray for melting cheese. Accompanied with fresh crusty bread, boiled potatoes, you have the traditional Swiss Raclette experience!

SWISSMAR RACLETTE PARTY GRILLS

CAST IRON GRILL PLATE

Originating with Swissmar Raclettes, the cast iron grill plate is not only reversible with a grill side and a separate crêpe side, it also doubles for use in the oven or on the BBQ.

SLATE BOARDS

In addition to their natural beauty, slate boards are possibly the best choice for serving.

- ✓ Non-porous which means they do not absorb flavors or smells from the surrounding environment
- ✓ Easy to maintain, since it doesn't absorb fats or bacteria from food or cheese on it's surface
- ✓ To clean; a standard rub and scrub is all that is needed, while a few dabs of food safe mineral oil will help bring out a nice shine and lustre
- ✓ Also make a great trivet

WHY CHOOSE A SALT KEEPER?

Our beautiful genuine Italian olive wood salt keepers certainly add a decorative touch to kitchen counters, but perhaps more importantly they ensure salt is accessible while cooking. There is no need to fiddle with a salt mill or shaker in the midst of the culinary process, simply open the lid and reach for a pinch. To prevent moisture from dampening the salt, be sure the lid is used.

Y-HANDLE PEELERS

This next generation Y-peeler features a dynamic and ergonomically designed handle for easy peeling. Handle fits comfortably in the hand to help reduce fatigue when peeling. Integrated side cutter removes potato eyes and blemishes. Available with 3 blades:

Classic Scalpel – for hard fruits and vegetables **Serrated** – for delicate fruits and vegetables **Julienne** – for thin julienne match-sticks

Y-Peeler – Scalpel Blade

Thinly peels hard fruits and vegetables like potatoes, carrots, apples, and more. Also great for hard cheeses.

Carded.

STRAIGHT HANDLE PEELERS

In our quest to become the peeler of choice, we are pleased to offer yet another peeler option – Swiss Made, straight handle peelers. Ergonomically designed and made of durable and light-weight material, this handle is truly unique. For improved grip and comfort, we added a soft rubber accent and to complete the functionality, we also added a stainless steel blemish remover tip to get rid of imperfections from any vegetables with ease.

Shucker Paddy

OYSTER GEAR

A collection of products designed exclusively in collaboration with Patrick McMurray BPHE, World Champion oyster shucker and Guinness Record Holder for 39 oysters opened in one minute.

The Shucker Paddy Original Oyster Knife is the result of three years experimentation and 50 prototypes. The knife's handle fits the palm like a pistol; a 3 inch notched stainless-steel blade is where the pistol's barrel would be, with sharpened edges top and bottom. Traditional oyster knives have only one axis, running straight down the blade, but the Shucker Paddy has two - one down the blade, the other down the angled pistol grip. That dual axis gives the knife a lot more leverage and less force required. The result, an Oyster Knife that will let you, Professional or at home, "Shuck with Ease".

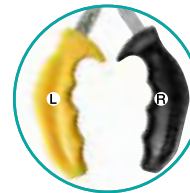

Unique Design

The unique ergo-dynamic Dual Axis Pistol Grip design keeps the forearm in alignment with the blade for maximum transfer of power. Dual axis lever = less force to open oysters.

Safety

Integrated finger guard and non-slip handle offers superior protection when shucking. Light weight high-impact injection moulded non-slip PP handle provides highest in sanitary qualification.

Versatility

Ambidextrous – Suitable for left or right handed.

How to Shuck with Shucker Paddy:

Place Oyster cup-side down, exposing on the hinge. Hold the Oyster firmly so it does not move.

Insert the tip of the knife into the hinge of the oyster, with a slight twisting motion (like turning a key) - until the knife sets 1/4" into the hinge. Once the knife is set, a light 1/4 turn of the handle, will pop the hinge.

Pry the top shell up, and scrape the top adductor muscle - 2/3 of the way up from the hinge, on the right of the middle of the oyster - to release the top shell.

Locate the lower adductor muscle. Insert blade of knife under this muscle, and scrape loose from bottom shell.

Change your life!

MADE IN

 GERMANY

simple

Delicious food does not need to be extraordinary. Usually it's the simple things in life that give you the greatest joy – and this is also the philosophy of Børner, whose products are intended to make customers enjoy simple dishes. With the help of these practical products, it is finally easy to prepare good and delicious food.

quick

Time is a limited commodity and often we just don't have the time to prepare a decent meal. However, with the help of Børner products, a good meal can be prepared in a very short time. These are the right tools to create not only delicious, but also quick meals, so you have more time to enjoy life.

healthy

Not only should food be simple and quick, but health also plays an important role. Raw food is an essential part of our diet and thanks to Børner, it is not difficult to create healthy food. Børner is here to ignite your appetite for cooking and make it easy to prepare deliciously healthy options!

Got left over wine? Preserve it with the Epivac vacuum pump!

This clever tool removes air from the bottle, preventing further fermentation and preserves your wine for days.

Preserving Wine

Remove air from the bottle, preventing further fermentation and preserve your wine for days.

1. Push pump valve to wine position (Dual function pumps only)
2. Securely place and completely insert wine stopper in bottle
3. Hold pump gently in stopper and with other hand, pump 10-15 times (stop pumping when firm resistance is felt)
4. Remove pump only and store bottle in an upright position
5. To release stopper, tilt valve stem inside stopper. Remove stopper from bottle and serve

Preserving Champagne

Pump air into the bottle, preventing the dissipation of the bubbles and preserve your champagne for days.

1. Pull pump valve to champagne position (Dual function pumps only)
2. Unscrew stopper from sleeve. Slide sleeve over neck of champagne bottle. Screw stopper into sleeve. Do not overtighten
3. Hold pump gently in stopper and with other hand, pump 10-15 times (stop pumping when firm resistance is felt)
4. Remove pump only and store bottle in an upright position
5. To release stopper, unscrew slowly.

KEN HOM

THE MASTER OF
ASIAN CUISINE

KEN HOM

THE MASTER OF ASIAN CUISINE

Ken Hom CBE is acknowledged as one of the world's leading experts on authentic Chinese and Asian cooking.

Not only is he passionate about using high-quality ingredients, but also highly effective cookware and accessories. This commitment to great flavour and quality is why the Ken Hom wok is one of the world's longest lasting brand names in cookware since 1986.

BENEFITS OF KEN HOM WOKS

OTHER BRANDS

LONG-LASTING ENDURANCE

Hard-wearing coating from Whitford, one of the most trusted in the industry.

SCRATCHES & DISCOLORATION

Other woks may be easily scratched by metal utensils or discolor under high heat.

LIGHTWEIGHT & DURABLE

Heavy-duty gauge aluminum provides durability but is lightweight for active cooking.

HARDER TO HANDLE

Cast iron woks usually weigh more and are bulky making cooking more tedious.

HIGH TEMP WITH LESS OIL

Carbon steel offers great heat conduction for fast cooking and even heat distribution.

POOR HEAT DISTRIBUTION

Other woks may cook slower and can have uneven temperature changes.

FLAT BASE DESIGN

Well-balanced and will not topple over. Safe for use on either gas or electric stovetop.

FOOD STICKS & HARD TO CLEAN

More oil may be needed to keep food from sticking to the pan.

“These woks represent the very best in class within my cookware range. The non-stick coating is superb, it heats up faster and needs less oil. Stir-fry cooking has never been easier! I love them and I’m sure you will too.”

Ken Hom

Conditions of Sale

PAYMENT OPTIONS AND CREDIT

Credit Card (Visa or MC) and Terms are available. Net 30-day terms are available upon approved credit. Please allow two (2) business weeks to process DKB Household USA reseller application. All new customers must provide a resale certificate when submitting an application for credit. A finance charge of 1.5% per month will be charged on all overdue accounts.
