

JK Adams

Catalog 2025

*OVER 80 YEARS OF BRINGING PEOPLE
TOGETHER WITH QUALITY WOOD PRODUCTS*

Bringing People Together for Over 80 Years.

American made since 1944.

Guaranteed for life.

At JK Adams, we believe that the kitchen is the heart of the home. It is this belief that drives us to create the highest quality, hand-crafted wood products for cooking and entertaining.

Times have changed but we are proud to say that our values have not. We remain committed to producing high-quality products from sustainably harvested North American hardwoods in Dorset, Vermont. We're a third-generation family-owned business with employees that have been with us for decades—and who are proud of the products we produce together.

Pictured here: Infinity Edge Walnut Board 20x12" (IE-2012-W)

On cover: Professional Walnut Board 20x14" (PRO-2014-W), French Rolling Pin (FRP-1), Plain Dowel Rolling Pin (PRP-2)

Generations of Quality & Innovation

Did You Know...

Over the past 80 years, JK Adams innovated many of the items you see in every kitchen & home today?

1944
Josiah Knowles Adams starts the JK Adams Company in Dorset, Vermont.

1978
Modular Wine Rack
JK Adams introduced our Modular Wine Rack made from octagonal beams connected with wood dowels. Crate & Barrel takes it.

1982
Tilted Knife Block dubbed 'the kangaroo'. When he was unable to remove long knives from his vertical knife storage block, Malcolm Cooper Sr. took the block out to the band saw and sawed a 45 chunk off the bottom and unwittingly created the standard for the knife storage industry.

2001
Retail expansion! "The Kitchen Store" opens with a full range of tools for cooks + more on Mother's Day 2001.

COME VISIT!

2024
JK Adams celebrates 80 years of making quality and innovative kitchen and home products, proudly manufactured in the USA.

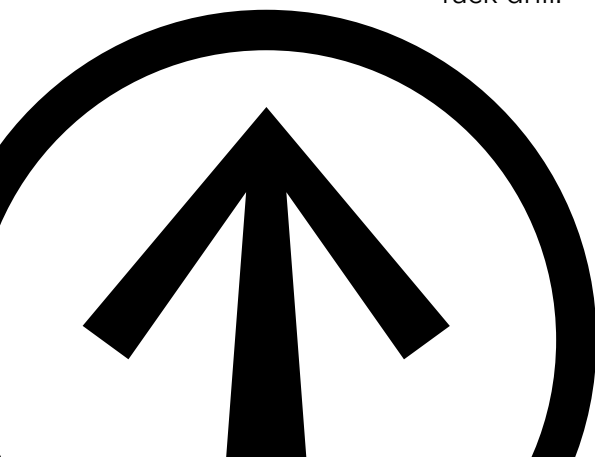

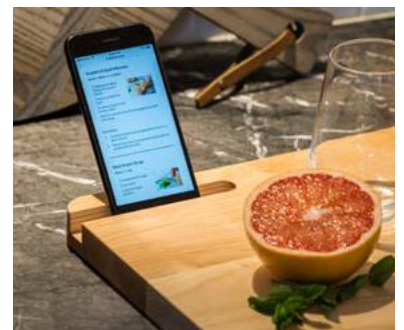

1963
With orders of engineering equipment soaring, **a 22,000 sq ft factory is built**, still standing today.

1980
JK Adams purchased its first CNC (computer numeric control) router and custom automatic wine rack drill.

1982
Spinning Spice Rack
As the industry experts in kitchen storage, JK Adams designed this carousel spice rack. This was one of our strongest innovations and these are still seen and made world wide, based on the original design we created.

2018
Cutting Board with Phone & Tablet Holder
With the use of hand held devices in everyday life - JK Adams designed, patented, & introduced the first mass produced 'tech slot' in cutting & prep boards, implemented by some of the biggest names in our industry. You can now find these at any high end kitchen goods retailer, many still made by JK Adams.

TURNABOUT BOARD - MAPLE

America's Best Carving Board

“Our longtime favorite boasts trenches on both sides that easily accommodate more than a half-cup of liquid. One side provides a large, flat cutting surface for breaking down roasts or slicing briskets. The other features a poultry well that does a great job of steadying turkey and chicken during carving and didn't obstruct our knife. Midweight and moderately sized, it's easy to handle.”

-Kate Shannon and Miye Bromberg
America's Test Kitchen

AWARD
WINNING

TURNABOUT BOARD

Classic, functional, reversible. Our best-selling carving board features an indented side to cradle while carving—and a flat side for daily prep. Both surfaces feature an ample juice groove. The extra thickness on this board provides greater stability while carving. American Maple or Cherry finished in our mineral oil and beeswax.

PERSONALIZE WITH CUSTOM ENGRAVING - See page 39 for options

Turnabout - Reversible Carving Board

TBS-2014 20x14x1 1/4" Maple - **MSRP \$129**

CARVED CRADLE HOLDS POULTRY OR ROAST IN PLACE

TBS-2014 - MAPLE TURNABOUT BOARD 20 X 14"

CLASSIC 'TREE' CARVING BOARD

Our Rectangle Carving Board, with our signature 'tree' juice grooves, makes a statement on the dining table and on the countertop and features an ample juice groove and well. North American Black Walnut or Maple finished in our mineral oil and beeswax.

Rectangle Carving Board

CRV-2014-W 20x14x1" Walnut - **MSRP \$182**

CRV-2014-M 20x14x1" Maple - **MSRP \$99**

TRADITIONAL CARVING BOARD

The deep, routed grooves of this classic carving board slope into a large well to collect delicious juices. Available with or without stainless steel spikes which are embedded into the surface to hold roasts and poultry in place while carving.

Maple finished in our mineral oil and beeswax.

Traditional Carving Board

TCB-2014 20x14x1 1/4" - **MSRP \$120**

TCB-2014-S (with spikes) 20x14x1 1/4" - **MSRP \$159**

AWARD
WINNING

POUR SPOUT BOARD

A riff on our classic Turnabout Board, this reversible carving board adds a pour spout and a pooling well that make it easier to collect and pour all of those wonderful juices. Maple finished in our mineral oil and beeswax.

REAL REVIEW

“ **I Love This Cutting Board!** ★ ★ ★ ★ ★

“I bought this Maple Carving board for Christmas, Thanksgiving and everyday carving of Poultry and Beef. The quality is great and it’s very good looking. It’s easy to clean and maintain too. I would definitely gift one of these to family/friends. I love it!”

-S.L.Monahan | real customer

PROFESSIONAL END GRAIN COLLECTION

These thick and durable professional-grade end grain boards, with their handsome block pattern, will become the center of attention in your kitchen. Our sleek end grain workhorses have been updated with modern yet classic beveled edges, and the squaring of their corners. End grain construction assists in maintaining knife blade sharpness—and brings chef-quality to your everyday cooking routine. Cherry will deepen in tone with time. Crafted in American Maple, Cherry, or Walnut in 15 variants—finished in our mineral oil and beeswax.

INFINITY EDGE

NEW! This board brings your counter to the next level. Our new 'infinity edge' boards are JK Adams professional-grade end grain prep and counter boards with a modern twist. One continuous seam that contours the edge of the board give this board the 'infinity edge' name. The large rounded edges make this board easy to pickup on both sides. Reversible design and a unique look give this board the opportunity to make a statement on your countertop. Crafted in American Maple or Walnut with a lusciously smooth surface, finished in our mineral oil and beeswax.

SHACKLETON-THOMAS ARTIST COLLABORATION

We're proud to manufacture the Shackleton-Thomas collection in our ongoing series of artisan collaborations. Shackleton-Thomas is a renowned Vermont furniture and ceramics maker who prides themselves on outstanding quality and heritage traditions. This collection for JK Adams represents an artisan collaboration fusing design and manufacturing. Together, we've compellingly recreated handmade objects, highlighting the craft, heritage, and ingenuity of Vermont-makers. Each board has a unique name and character.

The Miranda Board is a simple concave platter—perfect for appetizer service, serveware, or for décor in the home.

The Charlie Board is a crafted Maple rectangle, having a unique protruding oval handle. This board makes a statement piece in any kitchen—but works similarly well for charcuterie, cheeses, and simple prep.

The Intruder Board is made for a party. This paddle stands by its name, and can be elegantly held from its shaped handle, while carrying hors d'oeuvres and appetizers. And, to boot, it slides perfectly between two people at a cocktail party. Each board is silky-smooth to the touch, and has a unique handmade feel. American Maple finished in our mineral oil and beeswax.

FRP-1 - FRENCH DOWEL ROLLING PIN
& 1761 FIVE - ASH SERVER

“...Absolutely Perfect Deserts”

“The first thing I noticed about my new rolling pin is how it rests comfortably in my hands. The tapered ends offer the perfect space for gripping the pin, even without the handles. I also love how completely silent it is...A French rolling pin also helps me stay in tune with my dough, no matter what I’m rolling out. The dough is close enough that I can feel where the thickness changes and adjust how much pressure I apply. This, in turn, helps the dough bake more evenly. Rolling the pin across the dough also feels more natural than feeling like I’m pushing it.”

-Rachel Knecht

LOVELY 2 - LOVELY ROLLING PIN &
PB-2418 - ULTIMATE PASTRY BOARD

ULTIMATE PASTRY BOARD

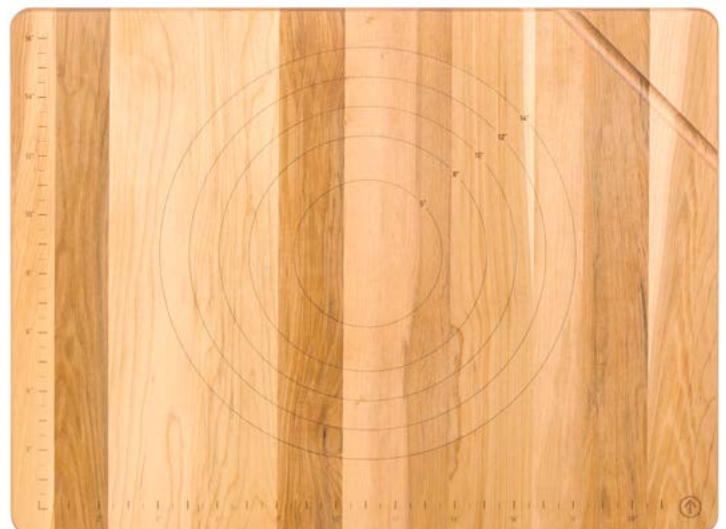

Designed with input from our customer-community of bakers, these pastry boards have all the features you want for making perfect pie crusts, pasta, breads, cookies and more. The large size is made of sturdy maple with a handsome Walnut edge-cleat that holds the board securely against your counter's edge while rolling out dough. The more compact version is the perfect gift for apartment-dwellers and small space lovers. At 20 x 15" inches, with a Maple edge-cleat, the board still allows ample surface for rolling out pastry dough, or getting a pizza prepped. The engraved rulers and guide marks make pastry-making a joy. Includes edge rulers and markings for various diameter rounds. The large size also includes a handy corner pin rest to keep your rolling pin from getting away. Maple board with an American Black Walnut cleat (large) and Maple board with Maple counter cleat (small), finished in our mineral oil and beeswax.

MWR-B12-N - 12 BOTTLE WINE RACK

REAL REVIEW

“ **I definitely recommend this product!**

“I’m super happy with this purchase. It was easy to put together and sturdy. I love that it’s customizable to fit in any location and can easily add additional pieces. The unpainted dowels are smooth so no need to worry about getting splinters during setup! I used a rubber mallet to assemble- hopefully it won’t be too hard to breakdown when I need to move. The bottles fit well and can be positioned to lay horizontally or tilted to keep the cork wet. Overall, I definitely recommend this product!”

-Courtney M. | real customer

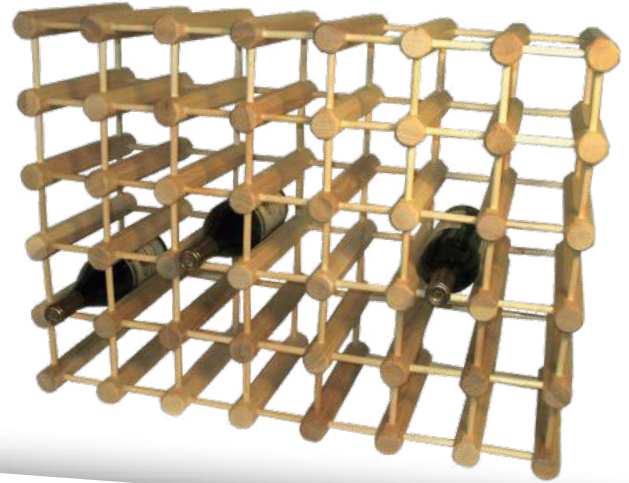

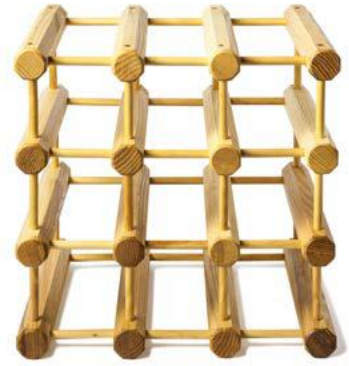

WINE RACKS

Our modular racks are infinitely (and easily) expandable and each comes with extra joining pins to allow for additional racking. These racks have become mainstays for both amateur and serious at-home wine collectors. Our Modular Wine Rack is a simple and classic way to store any collection of wine. The smaller rack will hold 12 bottles when you store bottles on the top of the rack as well as inside the squares. The octagonal beams will keep the wine bottles in place. Our modular wine racks give you the flexibility to build a wine rack that will fit in any space no matter how big or small. Each rack is infinitely expandable and comes with extra joining pins to allow for room to grow. North American hardwood.

Modular Wooden Wine Rack

MWR-B12-N Holds 12 Bottles - **MSRP \$59**

MWR-40-N Holds 40 Bottles - **MSRP \$189**

THERE ARE ENDLESS CONFIGURATIONS FOR THE WINE RACK TO FIT ANY SPACE. GET CREATIVE AND COMBINE SETS.

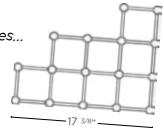

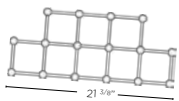

PLANNING GUIDE

Each cell of the assembled wine rack is a 4" square. The octibeams are 1 3/8" wide. Therefore, the width and/or height of any rack can be calculated by multiplying the number of cells by 4" and adding 1 3/8" to the total. Length of beam is 11 inches.

MODULAR WINE RACKS allow complete flexibility in assembly. Build a J.K. Adams rack up or out. Let it grow with your wine collection.

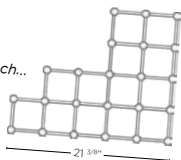

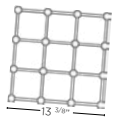

Make neat racks for handy access to a few favorite wines...

- in the kitchen
- the bar
- the pantry

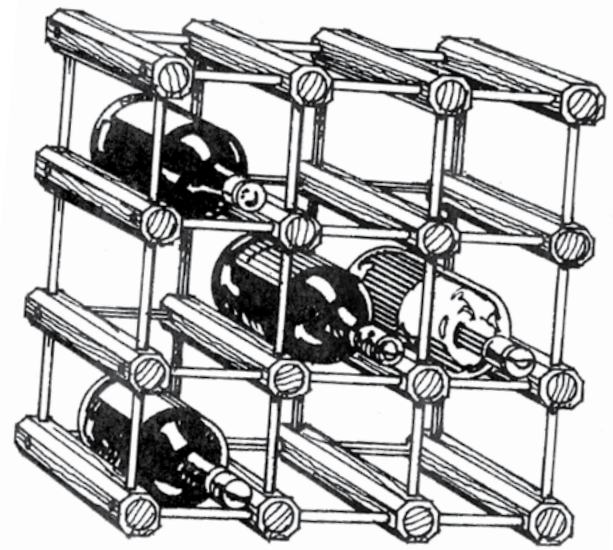

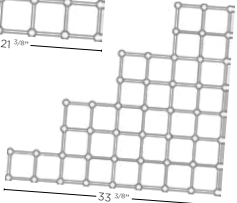

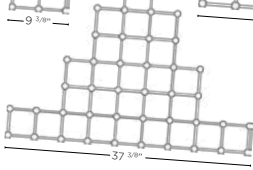

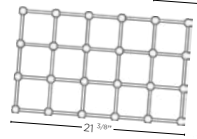

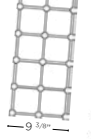

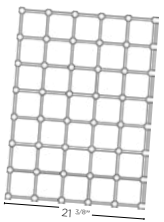

Place in hard to use corners...

- on a counter
- over the refrigerator
- over, under, or in a cupboard

Fit odd shaped spaces making use of every last inch...

- in closets
- under stairways
- in cabinets

WOOD CONDITIONERS

Built to last a lifetime, our beloved wood cutting boards, bowls and utensils can, in many ways, tell the story of our lives. Always at the center of what’s going on in our kitchens and setting a beautiful stage for our meals, these enduring culinary tools are our trusted culinary companions. With just a little TLC, they will reward us for a lifetime. All you need is JK Adams mineral oil for regular upkeep—and for that extra-special tune-up and protection—a good buffing with beeswax. While mineral oil is designed to penetrate and feed the wood, beeswax gives the surface a healthy sheen, an extra measure of water stain-resistance, and helps to retain the moisture provided by oil. Mineral oil is offered in 8 and 16 oz. bottle sizes with an easy-pour dispenser cap.

Our wood cleanser is a natural soap that is low in acidity, making for an excellent wood board scrub. This also conditions the wood, making for a great addition to any care and maintenance routine.

Mineral Oil

MO-8 8 fluid oz. - **MSRP \$9.50**

MO-16 16 fluid oz. - **MSRP \$19.50**

Beeswax

BW-06 6 oz. - **MSRP \$25**

Wood Conditioner

WC-SPO 8 fluid oz. cleanser - **MSRP \$12.50**

FORMULA 67 + 68

All natural, food-contact safe compound comprised of MCT fractionated coconut oil, carnauba wax, beeswax.

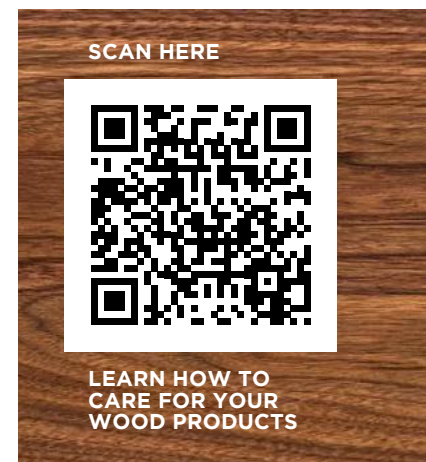

For all natural care, use our Formula 67, a play on a wood conditioner of yesteryear—our now retired Formula 66. This paste-like mixture is an all natural, food safe, wood conditioner comprised of MCT fractionated coconut oil, organic carnauba wax, and beeswax. The tin is finished with a JK Adams applicator pad contained inside for easy use.

Our liquid Formula 68 is an all natural, food safe, wood conditioner comprised of MCT fractionated coconut oil, organic carnauba wax, and beeswax with a hint of lemon essential oil for fragrance. Fragrance dissipates upon use. Formula 68 is a liquid cream consistency for easy application with a lint-free cloth. 8 oz. bottle size with black dispenser cap.

All Natural Wood Care

FORMULA-67 3.75 oz. - **MSRP \$19.50**

FORMULA-68 8 fluid oz. - **MSRP \$25**

WOOD CARE KIT

The perfect tidy kit containing our most popular wood care items.

Our Classic Care Kit includes an 8 ounce bottle of mineral oil, a 6 ounce tin of beeswax wood conditioner, a wood handled applicator, and our fine grit sanding sponge.

Our simple Maple wood-handled foam brush makes applying your care product—oil, paste, or wax—a breeze.

All Natural Wood Care Kit

WCK-CLASSIC
8 oz. Mineral Oil, 6 oz. Beeswax, Applicator, + sanding sponge

MSRP \$55

Engraved
